

Turn Back Time

You've given me love
All we need is one last dance
Hope it's not wrong
We won't break our promises
We've said goodbye to this life

Take me back away from here
I wanna turn back time

It's another ride
We've grown up, went separate ways
Time is passing by so lonely

Know what you wanna hear, where you want to go,
Now you're showing up
I don't give a damn
It was crazy love, when we were young
Show must go on
I don't give a damn

Take me back away from here
I wanna turn back time

Turn back, turn back time again
Again again again again
